

 Design, engineering, project development and shipbuilding for the oil & gas industry

 Completed the design of a state-of-the-art Liftboat (selfpropelling multi-purpose jack up vessel)

 Construction will be commencing in our Singapore yard for sale or ownership and charter with or without partners

Type: Class 320 Liftboat (BEL320-4R200S)

Class: ABS Classification ★ A1, Self-Elevating Unit, AMS, ACCU, DPS2
 Unrestricted Service

• Hull Dimensions:

Length of main deck: 64.0m
Overall length including helideck 80.0m
Breadth of main deck: 40.0m
Depth of main hull: 6.2m

Design Loads:

Total variable load: 1500MT
 Main deck loading in working areas: 10MT/m²
 Total deck area: 1000m²

Accommodation: 200 pax

Deck cranes: 300MT & 50MT

■ Transit speed: 5~6 knots

Total power: 6500eKW
